I execute an order for you at any time.

The 'hanger' letter comes very irregularly -
Could you give them two lines - First - to send to my care
address in full. Hacking - West Mealy London - And
second - to put two papers under one cover - And to send
by the Mail steamer. Please repeat the order
to send two papers under the same cover - but without
I should say how many papers there are - this
is no mystery - And to avoid it is better.

I will explain - if I can - in next volume
but I want you to give me as my American
correspondent - And what I promise you in reply.
I will also write you more fully (D.C.) before
very long to clear my hands as full. You
will see that I am making a new Magazine
from the Review & Independent. What are your
and others - And you will find me always
